

FOUR BANDITS ROB PASSENGERS ON I. C. TRAIN

FIRST VIOLENCE IS REPORTED IN UTILITY STRIKE

VANDALS CLIP POWER LINES AT HILLSBORO

Many Residents Are Forced To Change Cooking Habits

By Harry L. Thomas
Associated Press Staff Writer
Chicago, April 4.—(P)—The wrecking of a high tension electric line near Hillsboro, Ill., brought the first violence today in the utility strike that has deprived two Illinois cities of gas and threatened service in a half dozen other communities.

Vandals clipped the guy wires, burning the corner post of a tower and momentarily disrupting electric service over the line carrying current from East St. Louis into Hillsboro. The current was rerouted shortly over another circuit.

The strike of members of the Illinois Power and Light Corporation forced residents of Centralia and Mount Vernon to change their cooking habits.

Gas supplies, cut off last night, were still in check throughout the day. Electricity, however, was unaffected and makeshift apparatus was brought into kitchen use—flat irons, percolators and electric heaters drafted into cooking jobs. Old-fashioned oil and wood stoves came back into vogue, and bottled gas was distributed to key industries.

Negotiations at Champaign to terminate the strike seemed to be making no progress.

Michael J. "Umbrella Mike" Boyle, Chicago, for years a power in the labor field and vice president of the Electrical Workers Union, was in the city to lead his cause. From Champaign local union leaders refused to discuss the strike.

D. D. Hodges, treasurer of the operators, said the disagreement—which resulted in a strike call without warning yesterday—centered on the demand of the Electrical Brotherhood for inclusion in its contract with the Utility Operators' Association of a clause permitting the union workers to participate in sympathetic strikes to aid union organizations in other cities.

Workers quit their jobs in a half dozen central and southern Illinois communities.

In Danville, about 100 went out, in Belleville nearly 150. At Peoria, scene of the first walkout which crippled street car service for two hours, the dozen substitution power plant employees who quit work were still picketing today. Operations, however, resumed when superintendents took over the jobs vacated.

Picketing at Danville brought out special police, but no violence occurred.

FILE APPEAL

Springfield, Ill., April 4.—(P)—Four men convicted of conspiracy to defraud the Security Life Insurance Company of America of \$1,000,000 today filed an appeal with the Supreme Court on a writ of error from the Cook County Criminal Court.

The men were Machir J. Dorsey, C. Edwin Johnson, Harry W. Huttig and Edwin Hult.

The appeal challenged the constitutionality of the law permitting judges to appoint jury commissioners.

Weather

For Jacksonville and vicinity—Occasional rain is predicted for this territory today with unsettled and colder weather to follow on Saturday.

The U. S. Cooperative Weather Bureau at the Norbury Sanitarium last night gave temperatures as: High 60; current 57, and low 28. Barometer readings were: A. M. 30-14; P. M. 29.94.

Illinois—Occasional rain, colder in extreme northwest portion Friday; Saturday unsettled with colder in central and south portions.

Indiana—Occasional rain Friday, probably ending Saturday morning; cooler Saturday.

Wisconsin—Snow Friday, except snow or rain in extreme south portion, Saturday mostly cloudy; no decided change in temperature.

Misouri—Showers and probably local thunderstorms, colder in northwest portion Friday; cooler Friday night and in southeast portion Saturday, with mostly cloudy Saturday.

Iowa—Rain or snow in west and north, rain in southeast, colder Friday or Friday night.

Poverty League To Be Extended

By Lloyd B. Dilbeck,
Associated Press Staff Writer.
Los Angeles, April 4.—(P)—Upton Sinclair, heartened by the showing of his End Poverty League in Los Angeles municipal elections, announced plans today to extend his movement throughout the United States.

He would not say yes or no, however, as to whether he might run for president on the Democratic ticket in 1936.

"I cannot talk about that now," he said, "one way or the other."

"All I can say is that the movement will find a leader."

AUSTRIANS ARE STUDYING PLAN FOR BIG ARMY

Question Will Not Be Submitted To Stresa Government

By Alvin J. Steinkopf
Associated Press Foreign Staff
Vienna, April 4.—(P)—The Austrian government tonight studied plans for organization of its new and bigger army, announced yesterday, denying at the same time that its rearmament would be submitted to the Stresa government.

"Obviously we cannot ask the agreement of the powers to any army of 65,000 or an army supplemented by militia until we have agreed among ourselves as to what we want," a government spokesman pointed out.

"What the government has done so far is to commit itself definitely to a policy of rearmament. The Stresa conference will not be asked to consider the question and it is not likely that a definite plan will be ripe for presentation to the signatory powers until after April 15."

Most ticklish question faced by Chancellor Kurt Schuschnigg in his plan to increase the army, limited by the treaty of St. Germain to 30,000 troops, was the repeatedly expressed reluctance of the fascist Deutschland, 100,000 strong, to submit to disarmament for the sake of military unity.

Vice-chancellor Ernst von Starhemberg leader of the Heimwehr, said in an address at Innsbruck today that the need for his organization still exists and its demobilization is unthinkable while present political uncertainty continues.

It was expected that discussions over the form the new military establishment shall take will continue for many weeks to come.

Printer Seeks Reinstatement By Injunction

A. C. Jindra Blames National "Guard" Politics For His Dismissal

Chicago, April 4.—(P)—A. C. Jindra today filed in circuit court an injunction suit against the Cable Brothers Company, Inc., of Mount Morris, Ill., the Mount Morris local of the Typographical Union and the International Typographical Union of Indianapolis, seeking his reinstatement as a printer for the Cable Company.

The bill alleged Jindra was discharged March 16, 1932, after an altercation with another printer in the plant, and blamed National Guard "politics" in his home town. His petition for reinstatement, the suit set forth, was denied by the local union, the International executive committee and the International convention in 1934.

The suit alleged an official of the company and two officials of the local union are members of the Mount Morris National Guard "interested" in the Guard band and that Jindra was once before discharged for allegedly refusing to "enlist in the band."

The bill seeks to enjoin the defendants from "interfering with his rights," and sets forth that he reports each morning for work and wants to collect \$10,000 in lost wages.

The action was brought in Cook county because the firm has an office here.

PASSAGE OF RELIEF BILL IS ASSURED

Deadlock Over Labor Amendment Is Broken

By Cecil B. Dickson.
Washington, April 4.—(P)—Early final enactment of the long delayed \$4,880,000,000 work relief bill was assured tonight after the Roosevelt administration late today won what House leaders called the big end of a compromise on the thorny labor cost amendment.

The break in the week's deadlock came at a suddenly called meeting of congressional conferees that lasted only a few minutes.

An agreement was reached on the much modified provision providing that 25 per cent of the costs of each PWA state project go for labor. The president, however, was authorized to determine just how much was spent for labor, direct or indirect.

Immediately after the conference, Speaker Byrns made plans to bring the conference report up in the House for action "the first thing tomorrow" with the view to sending it to the Senate for adoption before the week-end. He said there was little doubt that the House would accept the compromise.

Pressure is to be put on both branches to speed final passage in order to make much needed funds available for relief in April and to carry on the civilian conservation corps which legally expired March 31. Democratic leaders—who now have wrestled with the bill for 74 days—hope to send the measure by airplane to President Roosevelt for his signature. He is fishing off the Florida coast.

Harry L. Hopkins, relief administrator, said today, however, that his agency had enough money for the remainder of the week and possibly the first half of next week.

600 American Executives In Big Pay Group

Francis B. Davis Leads List With Salary Of \$125,000

By J. R. Brackett
Associated Press Staff Writer.
Washington, April 4.—(P)—A cool \$10,000,000 was disclosed today to have been tucked in the pay envelopes of 600 executives of American industry in 1934—encompassing salaries ranging from a few thousand to \$125,000 top.

The average of these salaries, reported to the Securities and Exchange Commission in connection with application for permanent listing of securities on stock exchanges, was \$16,000.

The salary reports to date cover executives ranging from chairmen of boards to assistant secretaries.

The average for 119 presidents of companies in this group, was about \$36,000 but some 30 of them received more than \$50,000 and four were paid \$100,000 or more.

Total salaries for the upper-crust 119 in 1934 aggregated \$4,360,000.

Tops went to Francis B. Davis, chairman of the United States Rubber company, who got \$125,000. Edward G. Seibert, president of Standard Oil Company of Indiana, came second with \$117,900; Francis H. Brownell, chairman of American Smelting and Refining company, and George Horace Lorimer, editor of the Saturday Evening Post tied for third with an even \$100,000.

AWARDED LETTERS

Carthage, Ill., April 4.—(P)—Eight members of the Carthage College basketball team were awarded letters today. Four of them, Frank Schwartz, Mt. Madison, Ia.; James Thornton, Mt. Carmel, Ill.; Roy Romani, Panama, Ill.; and Joe Larson, St. Louis, are freshmen. Veterans rewarded were Captain-Elect Robert Miller, Elgin; Eddie Markel, Hillsboro; Peter Hansen, Lake Geneva, Wis., and Eldon Mason, Metamora.

DELAYED DIVORCE

Chicago, April 4.—(P)—Mrs. Nathalie Van Piper of Highland Park, Ill., thinks 33 years is quite long enough for opportunity to knock at any man's door. And having made up her mind on that she has filed a petition in Lake County Circuit Court asking a divorce from Louis Van Piper whom she says deserted her in 1902 after 16 years of married life.

APPROVES PLAN

New York, April 4.—(P)—Federal Judge Alfred C. Cox approved late today the reorganization plan of the Paramount-Public Corporation, and its subsidiary, Broadway-Paramount. The reorganization plan adopted had been approved tentatively by the court on Feb. 14.

The arms situation at a glance:
British cabinet awaits return of Capt. Anthony Eden, Lord Privy Seal, from European peace tour to draft Stresa program.

Pierre Laval, French foreign minister, reported framing proposal for Anglo-French united front to "frighten" Germany.

Anglo-Czech conversations at Praha show "identity" of two governments' views on necessity for safeguarding peace.

High foreign office official says Germany will not join any complicated general peace plan.

Austria moves to get bigger army program under way.

Ethiopia reported moving 200,000 troops nearer Italian colonies as "precautionary measure."

JOHN DILLINGER USED AUTOMATIC GUN IN ESCAPE

Federal Agents Claim Pistol Was Not "Wooden" One

Port Wayne, Ind., April 4.—(P)—Department of Justice operatives reported tonight their investigation showed the late John Dillinger carried a .38 Smith & Wesson automatic pistol—not a "wooden gun"—when he escaped from the Crown Point, Ind., jail on March 3, 1934, and that he was given assistance from outside.

The federal agents reported verbally tonight to United States Attorney James R. Fleming of the Northern Indiana District on their long investigation into the sensational break of the desperado who became the nation's number one public enemy before he was shot down on a Chicago street by officers on July 22, 1934.

Fleming announced the agents reported no facts upon which criminal charges could be based. Lake county officials were criticized in many quarters after Dillinger and Herbert Youngblood, negro prisoner, fled their "escape-proof" jail.

The federal investigation disclosed, Fleming said, that Dillinger was accorded the privileges of ordinary prisoners, including the right to mingle with other inmates in the bullpen, and that no attempt was made to enforce strict supervision over his visitors.

Evelyn Frechette, a girl friend of the desperado, visited him in the jail, the attorney said, and he inclines to the belief she passed Dillinger the weapon he used in his escape. The Frechette woman now is serving a prison term for harboring the fugitive.

National Defense Budgets Of U. S. and Great Britain Near Peace Time Records

Washington, April 4.—(P)—Eighteen years after the World War, a comparison of the national defense budgets for the United States and Great Britain, the two great English speaking nations involved, today showed that both are near peace time records.

Although legislative action has yet to be completed in either country, government estimates virtually sure to be approved or even exceeded placed the projected expenditures for military and naval establishments for the coming year as follows:

The United States, more than \$800,000,000; Great Britain more than \$480,000,000.

The British figure, however, does not include maintenance of forces in Australia, Canada, the provinces and colonies in Africa, India and elsewhere.

Both great powers are contemplating increasing their army personnel, air defenses and naval strength.

The United States plans to lift its army enlisted strength from 118,000 to 165,000. England's army strength is to be 152,200, an increase of 2,700.

While the defense cost to the United States is about double that of England, high American government officials contend the cost of maintaining an army and navy of almost equal strength in America is nearly twice as much as in England because of higher pay, and greater costs of supplies.

The naval budget submitted to Congress by President Roosevelt calls for \$488,000,000, including \$152,500,000 for new warships.

While he asked only \$318,000,000 for military use by the army, Congress increased this to \$341,000,000, which with \$60,000,000 for non-military purposes, such as river and harbor improvements, brought the total to \$401,000,000. The increase of \$23,000,000 largely is for the additional 47,000 enlisted men.

England's naval estimates of about \$300,250,000, an increase of about \$17,500,000 over the current twelve months, have been approved by the House of Commons.

Great Britain's army budget calls for \$217,775,000, but a supplemental estimate of \$19,750,000 was added by the government for 1935, because Prime Minister MacDonald said, Germany had increased her armaments.

In addition, Great Britain, which, unlike the United States, has a separate air force, asked for an increase of \$18,000,000 over last year's \$89,209,860, or \$107,209,860, according to officials at the war office.

LITTLE WORK ACCOMPLISHED BY ASSEMBLY

Relief Situation Is Exactly Where It Was Week Ago

Springfield, Ill., April 5.—(P)—Another week of legislative inactivity, concluded by adjournment today, left the relief situation exactly where it has been for weeks—nothing done.

The same was true of the numerous other major tasks confronting the assembly—nothing was done about the essential appropriation bills which so far have not been introduced, the insurance code, the small loan revision, bill, old age pensions, unemployment insurance, governmental consolidation and the many other problems presented to the legislature by Gov. Horner when it convened three months ago.

The senate, having been in recess for the past three weeks, did not participate in this week's inactivity.

Several minor bills were passed by the house whose only concern with the relief problem this week had to do with the submission of a report from the "cherry blossom" junket and the introduction of a bill providing for the substitution of cash relief for the present system of grocery store orders.

The "cherry blossom" junket reported that it had found out at Washington, whether it had gone in quest of information on relief, exactly what the assembly already knew.

The house received in silence the report stating the federal emergency relief administration insisted Illinois furnish \$3,000,000 of the \$12,000,000 monthly relief bill and that officials of the FEERA were satisfied with the present relief distribution system and wanted none of the many substitutions which are before the legislature.

Much of the six hours the house put in at work this week was spent in the introduction of bills, adding greatly to the accumulated 977 previously introduced, and in roll calls on bills of minor import.

Federal Antidust Program Flares Among Farmers

Must Declare Themselves To Be Paupers Before Obtaining Aid

By R. G. Brown
Kansas City, April 4.—(P)—Opposition to the federal anti-dust program flared today among farmers of parts of western Kansas.

As plans proceeded for a quick launching of the \$250,000 program involving listing of 2,500,000 acres to stop soil blowing and resultant dust storms, farmers at Hays, Kas., openly objected to a requirement they must swear they have no funds in order to obtain federal money for the work.

"Not two per cent of the farmers of Ellis county will declare themselves paupers," said one. Others, however, were more favorable.

At Stockton, where the first meeting to distribute application forms were held yesterday, farmers were reported of the opinion it was impossible to list hard soil at 10 cents an acre—the federal allowance—but willing to accept the money "as they were going to list their land for corn anyway."

In listing to prevent soil-blowing, deep wide furrows are plowed across a field—making a series of alternate ridges and ditches at cross angles to the direction of prevailing winds.

Dust was on the move farther west today. Snow in South Dakota and rains over other parts of the Great Plains area were effective in settling the dust, but Kansas remained dry with only slim chances for immediate rain.

Agriculture authorities have estimated 8,000,000 acres of Kansas land should be listed but the federal program contemplates use of \$250,000 in listing only 2,500,000 acres.

DISASTROUS BLAZE

Macomb, Ill., April 4.—(P)—Six Western Illinois Teachers College girls lost their clothing, books and other property today when fire swept their third floor quarters in a private rooming house. Damage to the building was estimated at \$2,000.

The co-eds losing property were: Pauline Leonard, Canton, Ill.; Elaine Patterson and Mina Stech, of Farmington, Ill.; Lucille French, of Vermont, Ill.; Fern Smith, Milton, Ill., and Lydia Johnson, Little Grove, Ill.

FATALLY INJURED

Chicago, April 4.—(P)—Carl Krueger, 48, was fatally injured today when, witnesses said, he suddenly darted into the path of an automobile driven by Dr. Richard M. Rutledge, of Peoria, Ill. Dr. Rutledge was slightly injured as he swerved his car into a ditch to avoid striking Krueger. The machine turned over but landed upright.

MAN WOUNDED IN ATTEMPT TO DISARM GUNMAN

Edward A. Hayes Named Spokesman

Chicago, April 4.—(P)—Edward A. Hayes of Decatur, past commander of the American Legion, today had been named spokesman for Illinois republicans in future state and interstate conferences of party leaders.

Chosen at a meeting here at which both city and downstate groups were said to be adequately represented, Hayes' selection was hailed by Illinois leaders as the beginning of party reorganization in Illinois and the middle west.

State GOP chieftains saw in the choice of Hayes a barometer of the intent and purpose behind the movement of midwest party leaders to hold a large delegate meeting of republicans in Kansas City in May.

The Kansas City meeting, it has been announced, is intended to promulgate a new set of principles representing views of this section, and no candidates for any office will be invited to attend.

ADOLF HITLER WILL STARTLE STRESA PARLEY

Will Accept Present Boundaries For Ten Years

By Melvin K. Whiteleather
Associated Press Foreign Staff
Berlin, April 4.—(P)—Official sources said tonight Adolf Hitler would startle the three-power conference at Stresa next week with an offer to accept Germany's present boundaries for at least ten years.

The offer, which has been kept secret, will be made through Sir John Simon, British foreign secretary, who already has Dr. Fuehrer's proposals in black and white.

A typewritten memorandum was given Simon when he was here ten days ago.

A Nazi pledge not to go to war, it was said officially, will be in the form of a non-aggression pact which Hitler offered as a substitute for the proposed Eastern Locarno Pact.

The offers Hitler made Simon contained four things:

1. Non-aggression.
2. Non-interference with internal affairs.
3. Non-assistance of any aggressor.
4. Consultation among the powers in case any trouble should arise.

The pact would be signed between individual countries but later could be assimilated into a general scheme. Simon also will take to Stresa two other Hitler offers, less clearly specified, and it is understood, not detailed on paper:

1. Willingness to sign an arms limitation treaty but with the stiff provision that Germany be accorded full numerical equality with France or England, whichever is stronger on land and in the air.
2. Willingness to sign a Danubian Pact which would closely define what noninterference with Austria is. The importance of this is minimized by official belief that a definition to satisfy Germany cannot be found.

German officials say they will not sign any Danubian Pact which does not force Premier Mussolini to withdraw his support from Austria at the same time it prevents Germany from entering that country.

GAS REVENUES

Springfield, Ill., April 4.—(P)—Gasoline tax revenues collected by the finance department during March totaled \$1,933,761.09. Director K. L. Ames, Jr., announced today. March receipts, on February business, were \$80,066.65 under collections for the preceding month and \$3,044.75 under the figure for March, 1934.

Licenses fees and gallonage taxes on legal liquor collected by the state during March totaled \$524,346.38.

RELEASE SUSPECT

Richmond, Va., April 4.—(P)—State police said here tonight that two negroes taken from a freight train at Gladstone, Va., today, had been released after being brought here and questioned. They convinced the police, officers said, that they were not implicated in the murder of Mr. and Mrs. John Thomas Coleman at Spotylvania Tuesday night.

LAND GOLD

Paris, April 4.—(P)—Seven Dutch airplanes from Amsterdam landed more than six tons of gold, worth \$9,000,000 francs (currently about \$6,045,000), at Le Bourget air field.

40 PASSENGERS ARE FORCED TO TURN OVER CASH

Robbery Is Pulled Off In True Wild West Style

Kankakee, Ill., April 4.—(P)—Operating in wild western style, four men, three of them masked, tonight systematically robbed two score passengers on an Illinois fast mail and passenger train, shot and wounded one man, and escaped with \$845.

The robbers apparently boarded the train, the "Louisiana," southbound for Louisiana, as it stopped either at 63rd street in Chicago or in suburban Kensington.

They posed as passengers until after the train was well underway and then, donning masks and coving the train crew, the robbers went through four coaches, taking valuables.

George Korr, Chicago salesman, was shot in the hip by the sole unmasked robber, when he offered resistance, grappling for another desperado's weapon.

He was removed to St. Mary's hospital here for treatment after the train halted at Kankakee to report the holdup.

The men escaped as the train slowed down to stop without having molested the mail. Sheriff John Slack said apparently confederates awaited the bandit quartet here to aid them in the escape. He organized posse immediately to scour the countryside.

All the men, the sheriff said, were well dressed. Only a meager description of them was obtained. Sheriffs of surrounding counties were notified and deputized and state police roared over the highways.

Slack said passengers told him that each of the gunmen were armed with two guns.

"I walked into the wash room to get a drink," Kerr said. "As I turned around somebody said: 'Slack, 'em up!' I turned and grabbed at the fellow and someone shot me."

The bandits took the porter and brakeman with them on the tour of the cars—the buffet car and three sleepers. All the cars were well filled. Business on the railroad has picked up recently with vacationers going south. The buffet car was particularly crowded at the time of the hold-up, shortly before 7 p. m.

Special agents of the railroad were (Continued on Page Ten)

WILBUR VOLIVA IS DEFEATED IN COURT BATTLE

Judge Rejects His Plan To Reorganize Zion City Industries

Chicago, April 4.—(P)—Wilbur Glenn Voliva's plan to reorganize Zion Industries and Institutions, Inc., with himself in control was rejected today by Federal Judge James H. Wilkerson.

But the overseer of the north shore religious community—in pearl gray from the crown of his campaign hat to the cuffs of his razor-edge trousers—was more interested for the moment in the disorganization of the independent machine which overthrew his political dictatorship in last Tuesday's election.

"I've got those fellows right where I want them," he said of his victorious opponents. "Now I'll smash them."

"I'm no more worried by them than an elephant would be by a flea. They've already hung themselves. It was only because of the 1,600 persons on the government dole and the bums run in from Waukegan that they won."

Then, as a deliberate afterthought: "I'm the only big man in Zion. I've got all the industries. They haven't even got an outhouse."

It was precisely because Voliva was the "big man" in the reorganization plan for the Zion industries, now in receivership, that Judge Wilkerson suggested opposing factions to bring in a modified program April 15. He told them to eliminate a section vesting control in Voliva.

Cash Relief

The House of Representatives at Springfield has advanced to second reading a bill that will provide for cash relief in Illinois. The sponsors of this bill hope thus to do away with the system of distribution of food and clothing which has been built up by the Emergency Relief Commission. The people on relief would be given cash and allowed to provide their own food and other necessities. It is claimed that Washington favors cash relief, and it is apparently the desire of promoters of the bill to put the administration to the test.

The matter should be given careful consideration by the legislature, and no hasty action should be taken. It is claimed the present system offers chances for irregularities, which may be true, but it does make certain that recipients of relief get food through orders and clothing they need.

An instance which occurred in Chicago serves to illustrate both sides of the argument. A man took the food given by the relief agency, sold it and bought liquor, leaving his family to starve. He was sentenced to jail to serve out a \$100 fine. If the family had been on cash relief, the result would have been the same, except

that the man might have had more money to spend for liquor.

There are people who would not spend relief money for necessities and some means of feeding them and their families would have to be provided at additional cost. There would be no way of punishing the spenders who would not buy food, as there now is for punishing those who sell the food given them.

Novak's Nameless Grave

Chester Novak was a killer, a "tough guy" who didn't care. He was found guilty of murdering a Chicago storekeeper and was electrocuted two weeks ago. His body now lies in a nameless grave in the potter's field, unclaimed by relatives. He was wrapped in a winding sheet and placed in a cheap coffin.

It was Novak's boast that he would be the gamest man to die in the chair. His nerve held to the last, but it was a sorry triumph of a career that was a miserable failure. One may argue that Novak was hard and that his plight made no impression on him. He was beyond the pale of pity or sympathy, but he was incapable of appreciating his position. Yet his fearful end must surely impress others that crime does not pay and that those who enter therein must perish miserably. As for Novak, future punishment is the only thing that can reach him, and he did not believe in that.

The Drouth Spectre

When Pearl Buck entitled her Chinese Main Street novel "The Good Earth," she was thinking of the humble people who make their living by the soil in that far country. Millions live and die on small tracts of land kept fertile through constant care and skill. But when drouth or floods come, there is famine because the people who live on the land derive all their food from it and have no means of getting food from some other section of the country.

In the United States we are more fortunate. If crops in one part of the country fail, our excellent transportation system brings food quickly from some other part and there is no distress.

Perhaps this is the reason why the drouth last year and the threat of another drouth this year do not frighten us much. We have come to consider the country so vast that there cannot be a food shortage. Prices may go high, but there will always be plenty for all. We are therefore not alarmed over a government-declared economy of scarcity.

But drouth is more destructive than floods, which are localized in river valleys. Drouth spreads over wide areas and affect entire states. Its ravages

can be offset only by an economy of abundance, a full cultivation of the fields and the growing of every variety of foodstuff it is possible to grow.

Other people know this and the farmers there try to raise all they can. They have to get their food from the land. To them the earth is good when it brings forth sixty and an hundred fold. It is the barren earth they fear, for that means starvation. Are we not governed by the same natural laws as prevail for the Chinese?

Replying in Kind

From The Maconb Journal
Congressman John McGroarty of California was the leading sponsor in the house of the ridiculous Townsend bill and because of this it is impossible to have great confidence in him as a lawmaker.

But what Congressman McGroarty lacks in sound judgment he may have in fearless independence and the ability to withstand "heat" even when it is applied by the voters back home. A constituent in a letter panned the congressman because he refused to introduce a bill to reforest a certain mountainside. McGroarty replied telling the Californian to "take two running jumps and go straight to hell."

Now it isn't necessary that congressmen and senators use those exact words on people who are unreasonable in their demands, but it would be refreshing if more of our lawmakers had the courage to follow the course they know to be right, in spite of applied pressure, instead of "yessing" everybody and everything.

There is no way of keeping the individual voter, and more particularly the organized minorities, from applying "heat" which, if it succeeds works for the harm of the nation as a whole. This being true, our greatest need is more fire-resisting lawmakers.

Larson Pays Visit To Winchester Club

Lieutenant Governor of District is Guest at Meeting Tuesday

Winchester—George Falgier, instructor at the Winchester Community high school, gave a demonstration at the meeting of the Kiwanis club Tuesday evening upon some of the more recent developments in electricity.

Mr. Falgier devoted most of his time to a very able description of the discovery and use of the photo-electric cell or electric eye, as it is commonly called. He demonstrated the electric eye and its adaptation to modern manufacture and efficiency. His demonstration was very entertaining as well as instructive. Mr. Falgier was introduced by E. H. Mellon, principal of the high school, who was chairman of the program for the meeting.

John W. Larson of Jacksonville, lieutenant governor of the XI Division of the Illinois and Eastern-Iowa District of Kiwanis, was an official visitor of the club. He gave a short talk following the dinner and met with the board of directors following the adjournment of the club.

Non-Support Charge
In the case of The People vs. Glenwald Anders upon an information in county court for failure to support his wife, Evelyn Marie Anders the defendant filed a plea of guilty before County Judge L. Robinson-Drummond

Mrs. Eva Robinson of Pittsfield was married Saturday evening in Davenport, Ia., to W. C. Drummond of this city. The ceremony was performed in the Christian church of that city by the pastor of the church, Rev. Kirtley Gillingham. Miss Robinson is employed by the Stroum Store in Pittsfield and Mr. Drummond is associated with the Doyle Monument Works of this city and also a Pittsfield Monument company.

To the Editor of The Journal-Courier:

Santa Monica, Calif. — Flying through Phoenix, Arizona, and an old boy standing there that I got to talking to, as I always do as to how things were going. He said they shipped 190 cars of lettuce out of that one valley yesterday. Now a car load of lettuce is considerable lettuce, but 190 cars. And at a good price.

Talking to a cattle man in Claremore yesterday. He had just shipped a bunch of steers to Kansas City and netted \$128 a head, three months ago he tried to sell 'em for \$30. These just show you how quick your business can change. Now a sheep man wires me that mutton hasn't gone up, now I don't want to be caught helping out a sheep man, but it sounded like he may be right.

PENN MEN REGARD COEDS AS MENACE IN DINING HALLS

Philadelphia. —(AP)—University of Pennsylvania students approve of coeds as "dates" but regard them as "an invading menace" when it comes to eating in the Houston Hall dining rooms.

The girls, complains The Pennsylvanian, student publication, are much too agile in beating men to the tables, and "take more time over their toast than a one-armed man eating shad." The men want the coeds to eat in their own dining room—for women only—in Sargent Hall. They refuse.

Behind The Scenes In Washington

Baruch Is a Standout After Usual Run of Wall Street Witnesses . . . He's Sincere, but MunitionsProbers Can't See His Remedy . . . Huge War Profits of Industry Bared.

BY RODNEY DUTCHER
Journal and Courier Washington

Washington.—Anyone who had the ineffable three-day privilege of hearing Mr. Bernard Mannes Baruch discuss war profits with the Senate Munitions Committee is now afflicted with the uneasy suspicion that taking the profit out of war is an operation comparable to taking the eggs out of an omelet.

It's a great pleasure to look at Baruch and an even greater one to listen to him. Among all the bulls, bears, wolves, hyenas, and war-hogs who have come from Wall street to bellow, squirm, or pontificate before Senate committees these last few years, Baruch stands out as a superior breed.

If anyone supposed that Baruch had profited from the World War when he filled the great post of chairman of the War Industries Board, he quickly changed his mind as Baruch made a forceful, frank presentation of his personal wartime finances.

Thereupon Baruch assumed the role of an honest, benevolent old granddaddy, eager both to help the committee in its job and to get full credit as a leader in the movement to eliminate war profits.

Sincerity is Admitted

Nobody questioned Baruch's sincerity any more than his honesty. He was convinced that his plan for wartime price-fixing, plus heavy war tax profits, would be highly effective.

But the committee brought out plainly that if the national defense in the last war had depended on willingness of American industry to forgo huge profits, the Germans would have taken Kansas City within three weeks.

While Baruch himself was in charge of the industrial show and prices were being fixed, such industries as steel, copper, and gunpowder went "on strike" in the midst of the war until such profits were assured.

Surrounded by a half dozen retainers under Herbert Bayard Swope, the big, white-haired, distinguished Baruch towered in the committee room. He switched his glasses from tortoiseshell to pince-nez as he stopped reading statements, then gestured eloquently with hands and arms as he alternately grinned confidently, beelied his brows, and wagged his finger like a school teacher.

His career has given him touches of accent from the deep south, the western prairies, and even from the sidewalks of New York—as when he says "work."

Strikes Effective Poses

He strides the stage like Hamlet and leans confidently over the committee bench—in a blue serge suit and polka dot tie the first day, a blue pencil-stripe and a blue-white striped tie the second day, and a brown suit, brown-striped shirt and gray tie the third day.

He promised the committee to "go a long way with you" and he did. He agreed the War Department's so-called "6 per cent profit contracts" for wartime were "ridiculous and absurd"—might even result in 100 per cent profit. How could profits really be cut way down?

"Well, let's you and I go into a room with 'em," said Baruch, meaning the would-be profiteers, to Chief Investigator Stephen Raushenbush.

"The record," rapped back Raushenbush, "shows that you did get in a room with 'em in the last war. And look what happened. Even you weren't very proud."

Huge Gouge Revealed

Copper companies making an early war profit of 35 to 65 per cent on copper at 16 2-3 cents a pound had squawked and balked until they forced a price of 23 1/2 cents. Committee records indicated that, through price-fixing, they had cleaned up \$156,000,000 more than they should have. . . . Sulphur companies jimmied a price of \$22 a ton, whereas a later Federal Trade Commission study showed the ton cost was but \$5.73. . . . Similar stories were told of steel, aluminum, nickel, and other industries. . . . Later revenue agents reported 1917 taxes for these companies should be 106 per cent more than they were willing to pay in 1917; 44 per cent more than they offered for 1918.

Safeguards "Not So Good"

Baruch was sure it couldn't happen again. Public opinion, public psychology would prevent it. . . . The committee wasn't so sure. . . . When Baruch admitted his price-freezing scheme left room for huge profits, Raushenbush assured him the war industries would again employ politicians to save them a billion-dollar post-war stake in disputed taxes.

"Show me a better plan and I'll go along," said Baruch, but he didn't commit himself on the Flynn plan, favored by committee members, for a tax on all but 3 per cent of profits in wartime and limitation of incomes to \$10,000 a year.

At the end Raushenbush spoke for the committee staff, with Nye's approval, to Baruch:

"We're unwilling to stand up at the beginning of any war and take moral responsibility for reassuring people as to war profits by selling them a gold brick."

And the well-meaning, honest, likeable Mr. Baruch went away reiterating that he wanted to eliminate war profits right up to the point where that would hamper victory. He wasn't sure where the point was.

Bluffs H.S. Senior Dies Unexpectedly

Lorraine Williams Passes Away Very Suddenly

Bluffs—Miss Lorraine Williams, 18, a senior in the Bluffs High school, died suddenly Thursday afternoon at the home of her parents, Mr. and Mrs. Clyde Williams.

Miss Williams had been in poor health for several months, but attended school Wednesday as usual. This morning she became ill and remained at home. She was found dead in bed about 12:30 o'clock yesterday afternoon.

Heart disease is believed to have been the cause of death. She also had suffered from nervousness since about a year ago.

Surviving are her parents; one brother, Charles and one sister, Mrs. Margaret Watson of Bluffs.

APPOINTMENT GUARDIAN SO BOY CAN MARRY

Court Does Not Permit Late to Delay Romance

When a couple wants to get married they usually go to the county clerk's office, procure a license and go on their way to some clergyman or magistrate who ties the knot.

Walter Ross, 18, and Maggie Reading, 16, found their case to be somewhat different. They applied for a license late Wednesday afternoon, but it took three counts, officials to unravel the legal skeins before they could be pronounced man and wife. The groom's age was the cause of the delay.

Ross told employees of a Bluffs office that he had no parents, no guardian or other person who could give legal consent to the marriage. The girl's mother, Mrs. Janie Moss, was present to give her consent to the ceremony.

County Clerk Brockhouse took up the matter with State's Attorney Absher. County Judge Thomson was called into the huddle, and it was decided to proceed with the romance from a strictly legal angle.

John Dunn, a friend of the groom, was called in and appointed as his guardian. Dunn immediately gave his legal consent to the wedding as did the bride's mother.

Ross found that he not only has a bride, but a guardian to start his married life.

LEAVE FOR EATON RAPIDS

Mrs. John J. DeFries and daughters, the Misses Geraldine, Fern and Barbara Ann will leave tonight for Eaton Rapids, Michigan to make their home. Mr. DeFries is employed there. They will be accompanied to Michigan by Mr. and Mrs. Wilbur DeFries and son and Bert Elliott.

Among the Thursday callers here were Mr. and Mrs. Allen Dolan of Winchester.

Two Independents Win at Arenzville

Albert Nicol is Elected Supervisor; Road Job Won by Dufelmeier

Arenzville—Independent candidates won two of the three offices up for election here Tuesday. Albert A. Nicol was elected township supervisor over Charles H. Funk 365 to 187, and William H. Dufelmeier was elected commissioner of highways over Philip Stock and William N. Lovekamp. Dufelmeier polled 401 votes to 124 for Stock and 26 for Lovekamp. Arnold Paul was elected school trustee, with no opposition.

Albert Fricke was elected supervisor in Hagener Township without opposition. William Anderson, with 220 votes defeated Sewell Miller with 42 votes for highway commissioner. Herman Lovekamp was unopposed for school trustee.

Kellogg's ALL-BRAN Relieved Her Constipation*

Read this splendid letter: "I tried everything, with little or no results. I felt miserable, was 20 but looked much older, and my skin was continually breaking out.

"I decided to try ALL-BRAN, three meals a day for about a week. Elimination became regular; I felt marvelous and looked better. Even my outlook on life was changed."

Mrs. Armand Hamel, Pawling, N. Y.

*Constipation due to insufficient "bulk" in meals.

Kellogg's ALL-BRAN provides "bulk" to aid elimination. It also furnishes vitamin B and iron.

The "bulk" in ALL-BRAN is gentle—and safe for normal individuals. More effective than "bulk" in leafy vegetables, as it does not break down within the body.

Isn't this natural food pleasanter than patent medicines? Just eat two tablespoonfuls daily. Chronic cases, with each meal. If not relieved, see your doctor.

Get the red-and-green package at your grocer's. Much more effective than part-bran products. Made by Kellogg in Battle Creek.

Better Citizenship Promoted by D.A.R.
Chapter Here Will Carry on Program Through School Classes

Rev. James Caldwell Chapter D.A.R., through its local chairman has received word from Mrs. William A. Becker to encourage the good citizenship contest in the Junior schools and in the High schools.

Requests are coming in to the state headquarters for Good Citizenship material. Many suggestions for the contest or program have been made. These are: Poster contests, Study of Citizenship, Essays upon National Defense, Programs upon the Dies bill—to expel and exclude alien communists, and the Jeffers bill; Court procedure should be the subject of addresses and bills cooperating with the corrective institutions.

Mrs. Herbert J. Capps is the local chairman of National Defense, in the Rev. James Caldwell Chapter D.A.R., and will cooperate with any wishing material.

It is further suggested by the national chairman, Mrs. Becker, that education is the path which should be followed. Not only education as to the purpose of the enemy, but also as to what are the aims of the government.

A study of history of our country should be made and the principles and operation of that government which are being assailed on all sides. The liberties should be maintained through study of all legislation.

Books suggested are: Epic of America—James Truslow Adams; March of Democracy—James Truslow Adams; Constitution of the United States of Today—and Tomorrow—J. M. Beck; Constitution of Our Country—Rexford Atwood; Back to the Republic—Harry Atwood; Makers of the Unwritten Constitution—Monroe; America Faces the Next War—Frank Simonds; Story of a Law—Beck; Sanctity of Law—James M. FEELING UNDER PAR?

Winter suns are weak in vitality. Winter winds are harsh. And if you let your system become "run-down" there is a dreaded enemy lying in wait for you in every crowded place. Disease germs find a ready prey in those who are physically under par.

Keep your summer strength and vigor right through the winter! There's a sure, pleasant way to increase vitality and build up resistance against infection—with McKesson's VITAMIN CONCENTRATE TABLETS OF COD LIVER OIL.

These tempting, chocolate-coated tablets give you abundant supplies of the protective vitamins A and D. And they are the only vitamin concentrate tablets containing the needed minerals, calcium and phosphorus.

Each tablet brings you all the vitamins in one teaspoonful of U. S. P. X. (revised 1934) Cod Liver Oil.

At all good drug stores. Protect your health the vitamin way, with six of these tablets daily. A \$1 bottle holds 100 McKesson's VITAMIN CONCENTRATE TABLETS.

Rollator Refrigeration

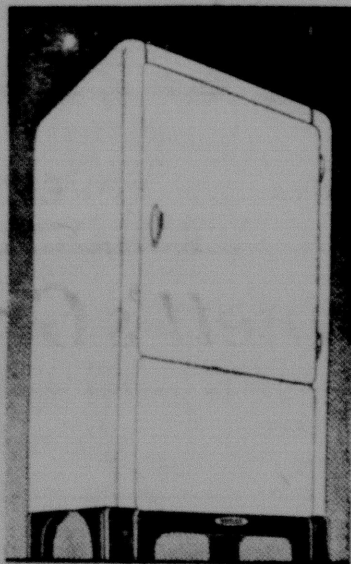

We selected the Norge because we wanted a refrigerator for our customers that we could recommend *without qualification*. Norge Rollator Refrigeration bears that test. It is today installed in hundreds of thousands of homes. It is proving itself to be actually an economy... for it SAVES more than it costs.

Come in and see the new Norge. Let us prove its startling advantages by test... by demonstration... and by the recommendations of owners who report saving upwards of \$11 a month with their Norge. Come in and see an interesting demonstration of the Rollator cold-making mechanism which in the famous Marathon test at the Norge factory has already run an equivalent of 29 years of household use, its three slowly moving parts actually improving with use.

Come in and see the many reasons for Norge superiority. Don't buy any refrigerator until you see the Norge.

Clothing Workers Plan May Festival

Amalgamated Union Members and Families to Have Parade and Picnic

May Day, an international holiday for members of the Amalgamated Clothing Union, will be observed by an all-day celebration here, members of the local union decided at their regular meeting recently. The union also elected five delegates to the Trades and Labor Assembly and appointed committees to take charge of the May Day fete.

Charles Warzar has been named general chairman of the May Day festivities. The program for the day, which will be open to members only, will consist of a parade, vaudeville performance at the lodge rooms, speaking, refreshments followed by a dance.

Those named as delegates to the local assembly are Charles Bates, Charles Warzar, Frank Quinlan, Alta Knight and Thomas Mitchell.

The committees appointed were as follows: Entertainment committee—Charles Warzar, chairman; Bernie Doolin, Chas. Bates, Ralph Smith, Bert Smith, Pete Dodsforth, Loren Alexander, Lynn Cassell.

Dance committee—Owen Nunes, chairman; Floyd Spencer, Frank Quinlan, Eddie Goodey, Joe Goveia, Aaron McDaniels, Howard Arundel.

Reception committee—John Early, chairman; Alta Knight, Wm. Christison, Oscar Hopper, Frank Goveia, Harold Lair, Earl Limming, Joe Correll, Allen Kelly.

Refreshment committee—Thomas Mitchell, chairman; Molly Donovan, Norma Reveal, Alene Hoyat, Frieda Owens, Margaret Wilkerson, Lewis Begnel, Cleo Witt, May Hoban, Mabel Day, Hazel Goveia.

Louis Neirman, business manager of the local union, reported that he has been engaged in organizing the Rock Island district. Considerable progress has been made, he told the gathering of 500 workers who attended the meeting, and all indications pointed to a 100 per cent organization there.

Kiwanis Progress Traced at Meeting By Winchester Man

Dr. Booz Addresses Local Club Thursday; Tells of Service Rendered

The progress of Kiwanis was described yesterday at the regular meeting of the local club by Dr. A. C. Booz, of Winchester. The address was given in observance of Kiwanis Progress week.

Dr. Booz stated that there are now

1,848 clubs in Kiwanis International after a period of 20 years' growth. The membership dropped from 103,000 to 73,000 during the depression, but it is now increasing and has reached 85,000.

The club has brought a growth to the members themselves. The meeting together week after week has done away with petty rivalries and jealousies and has cemented lasting friendships. The service of the club has grown from the community thru the state and nation.

Objectives have been set up, such

as care of underprivileged children and the extension of educational opportunities to young people. One of the national movements is concerned with safety and accident prevention. The speaker pointed out that last year motor accidents cost the lives of 36,000 persons and injury to nearly a million. If Kiwanis members can point out the need for caution and the safety which comes from obedience to the law, they are doing a service, perhaps saving lives.

The speaker was of the opinion that

Jersey Townships Elect Supervisors

Democrats Win Majority of Seats on Board; Jerseyville News

Jerseyville.—Democratic candidates in Jersey county township elections were unusually successful Tuesday and the county board row stands Democratic by a substantial margin.

In Jersey township the Democratic ticket was successful. Wm. F. Kadel, candidate for assistant supervisor, defeated his Republican opponent, James C. Downey, by a vote of 962 to 706. Downey is the incumbent and chairman of the county board.

James C. Calkins, Democratic candidate for commissioner of highways, defeated Harry Jewsbury, Republican, by a vote of 1035 to 448.

Morgan Farmers Can Now Get Seed Loans

Crop production loans are now ready for Morgan county farmers who may want them. The loans are being made through the Farm Credit Administration for use in purchasing seed or feed. They cannot be used to pay outstanding debts. They are due and payable Nov. 30, 1935, with interest at 5 1/2%. The loans must be secured by chattel mortgages on either growing crop or farm livestock.

Nelson DeFreitas, who is loaned by the rural rehabilitation division of the Emergency Relief organization will have headquarters in the Farm Bureau, where he will receive applications of farmers for seed loans. His office hours will be from 9 a. m. to 5 p. m.

The seed loans are made possible through a \$600,000 appropriation of federal funds. There is no definite allocation to each county, but farmers may borrow sums ranging from \$25 to \$500. The plan is designed to reach the farmer who could not otherwise obtain crop production credit.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep . . . Vigor . . . Health.
Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, sitting up nights, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 phials a day and get rid of more than 3 pounds of waste matter, your body will take up these poisons causing serious trouble. Don't wait. Ask your druggist for DOAN'S PILLS . . . an old prescription . . . which has been used successfully by millions of kidney sufferers for over 40 years. They give happy relief and will help to wash out the 15 MILES of kidney tubes. Get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

Committee From Legislature Pays Visit to Hospital

"We were especially impressed with the cheerful atmosphere, cleanliness and the bright colors apparent in every ward," State Representative Joseph L. Rategan, Chicago, said after

a visiting committee from the Illinois legislature inspected the Jacksonville State hospital Wednesday afternoon. Mr. Rategan and his associates in the legislature expressed much interest in the hospital departments, indicating after their tour that they will make a report commending the work of the institution. The visiting committee from the legislature in addition to Representative Rategan as chairman, includes Dr. Frank A. Stewart, Girard; Sam S. Lorton, Shelbyville; Charles G. Surohm, West Union, and Edward P. Saittel, Chicago.

Mr. Saittel was unable to make the trip here. In company with Dr. S. N. Leschin, assistant managing officer, medical, and Hayden Walker, business manager, the legislators were shown through the wards and departments. Dr. C. St. Clair Drake, the managing officer is now in San Antonio, Texas. The visitors expressed interest in the brightness of the wards, effected by the wall and ceiling decorations, window drapes and bed coverings. Members of the group said they believe the presence of color is desirable to the drab surroundings sometimes associated with institutions of this kind. The representatives visited the gymnasium, occupational center, soldiers quarters and the dairy barn. They saw a class of patients roller skating, a recreational activity that has been proven successful at the local hospital. Chairman Rategan has been in the legislature for a number of years. This is his fourth trip to the Jacksonville hospital in an official capacity.

MISSIONARY CIRCLE HAS PRAYER SERVICE

The Missionary Prayer circle of the Wayside Mission will hold prayer meetings at 2 p.m. on the following dates and places: April 4—Charles Vieira, 635 Myrtle street. April 10—William Pyle, 1302 East Railroad street. April 18—John Anderson, 625 Hooker street. April 25—Mrs. Rosa Jumper, 320 Fulton street. The regular preaching service was held last night at 7:30. There was a good attendance at the mission Tuesday night and all were

interested in the program. The country to be studied and upon which prayer will be concentrated at the next missionary program to be given May 7 is Russia. The regular Sunday services will be held at 505 East Chambers street. Sunday school, 2 p.m.; Young People's Union, 6:15 p.m.; evangelistic service, 7:30 p.m. We are expecting Mrs. George Dingeldine to preach Sunday night. The public is cordially invited to all our meetings.

EDWARD E. MABERRY TAKEN BY DEATH AT HOME OF DAUGHTER

Roodhouse—Edward Everett Maberry died at 6:15 o'clock Thursday morning at the home of his daughter, Mrs. Roy Thrasher. He was 66 years old, and a lifetime resident of Greene county.

Mr. Maberry was stricken by paralysis 5 months ago, and pneumonia developed recently.

He is survived by the one daughter; three brothers and two sisters, Marshall of Wrights; Ernest, East Alton; Clarence of St. Louis; Mrs. Pearl Anthony, East Alton; and Mrs. Ezra Smith, Heber Springs, Ark. There are five grandchildren. The remains were removed to the Wolfe & Mackey Funeral Home. Funeral arrangements have not been completed.

BACK FROM WEST
Mrs. E. O. Mayer returned home Wednesday from Los Angeles, Cal., where she has been spending the winter with relatives.

Better Days Seen For Small Fruits

Market Reviving to Make
Berries and Grapes
Paying Crops

Handicapped and neglected for 20 years or more, small fruit growing is now having its day, according to Dr. A. S. Colby, chief in small fruit culture at the College of Agriculture, University of Illinois. This is a good time for those who have an interest in such crops to establish a plantation, he said.

One thing which has stimulated interest in small fruit growing and hastened the new day for such crops is the present trend toward adjusting and balancing farm production. Dr. Colby explained. Then too, both local and distant markets for quality fruit are expanding rapidly. Hazards from insects and diseases are being overcome through research. Probably never before in history has there been such a number of high class small fruit varieties available as there are now.

Exceptionally hardy, vigorous and productive varieties now available include: Alfred blackberry, Red Lake currant, Freedom raspberry, Fredonia (early black), Portland (early white), Caco (mid-season red) and Sheridan (late black) grapes; Chief, Latham and Newburgh red Logan and Quillen black raspberries; Potomac purple raspberry, and Blackmore, Dorsett, Fairfax and Rockhill strawberries.

Several of these varieties are high in price because of low supplies of nursery stock. However, a few might be purchased and more propagated at home.

Best results will be obtained if the varieties chosen are adapted to the soil and climate particular to the locality. It is advisable to start with a small acreage on a site suitable to the needs of small fruit growing.

The plants require the best of seasonal care and must be sprayed if they are to maintain their vigor and high-yielding qualities. If fruit is to be sold on the market, it must be picked and graded properly and placed in clean packages of the size and style demanded by the trade. It should be moved rapidly and carefully to market.

Small fruits work well in connection with chickens, a vegetable garden and even a cow.

CHURCH OF GOD IS DRAWING BIG CROWDS TO REVIVAL MEETING

The revival at the Church of God still continues with greater interest. On account of the sudden death of a member of one of the families in his church, Rev. Finney was called home.

Rev. Ward and his co-workers are continuing the meeting. Crowds are encouraging and the altar is filled with those who are seeking the help that they need. The meeting will probably continue through next week with services at 7:30 each evening. Rev. Ward will speak on subjects of a practical Christian experience.

Rev. Mr. and Mrs. Alfred J. Wood of Springfield probably will be here for a few nights next week. Definite announcement will be made concerning their coming Sunday or Monday night.

DRESS COATS, colors navy and tan, extra sizes. \$12.95, \$16.95, \$19.95.

JERSEY VOTES FOR TAX BOOST

Township Increases Levy By \$800; To Spend \$5500 For Relief

Jerseyville, Ill., April 4.—The annual town meeting of Jersey township was held Tuesday afternoon at the court house in Jerseyville. At this time an increase of \$800 was made in the levy for township purposes to be assessed against the taxes for 1935, collectable in 1936. Supervisor A. F. Mittel served as moderator for the meeting.

The total assessment amounts to \$7,700 and is distributed as follows: Relief and support of all poor, \$5,500; fees and compensation of town officers, \$1,800; auditing, \$50; printing, \$200; and incidentals, \$130.

The assessment last year amounted to \$6,900, but the sum was increased this year because of the larger number of poor families in the township.

The pound masters appointed for the various districts are: George Bell, First Jersey; Frank Lowe, Second Jersey; Gus Heneghan, Third Jersey; and Herman Beiermann, Fourth Jersey.

Swallows Pin.
Mrs. Bessie Holder, an employee of the Jersey county emergency relief sewing project, was taken to Barnes hospital in St. Louis Wednesday afternoon by Mrs. Wilma Gross, public health nurse, to have a straight pin removed from her throat.

Mrs. Holder swallowed the pin while working at the sewing headquarters in the court house Wednesday afternoon. She was taken immediately to a physician's office where an examination showed that the pin had lodged in her throat. Because of the position of the pin in the throat the physician recommended that the woman be taken to a hospital where suitable instruments for removing it would be available and she was removed to St. Louis.

Mrs. Fred Howell, wife of County Judge F. W. Howell, of Jerseyville, is the author of a story which appears in the May issue of "True Experiences." The title of the story is "My Strange Marriage Ceremony."

Mrs. Howell is interested in literary work and has had a number of stories and poems published in various magazines.

Post Farm Lands.
Responding to a plea of the Jersey County Historical society that picking of wild flowers be stopped this season in the locality, many land owners have posted their timber lands and places furnishing a natural habitat for wild flower growth forbidding trespassing and setting forth a specific request not to pick wild flowers or shrubs.

There is a genuine interest this spring in the conservation of native wild life, both regarding flora and fauna. Appeals made by officials of the State Department of Conservation during the past six months have awakened keen interest into the situation regarding the rapidly vanishing animal life of the localities. 3 ALSEY CAGERS GET AWARDS

Robert Woodall, Lee Peck And William McLaughlin First In School Honored

Alsey, April 4.—Robert Woodall, Lee Peck and William McLaughlin were presented with certificates of membership to the National Athletic Scholarship Society of Secondary Schools on Wednesday by Principal M. G. Moore. These boys were first ever to receive this honor in Alsey High School. Eligibility for membership in the society is limited to boys earning an athletic letter in one of the four major sports, or letters in two minor sports, whose average in their school work for three consecutive semesters is equal to or higher than the general average of the school, and who have exemplified the highest type of citizenship and sportsmanship.

Candidates for the track team have reported and are training daily in anticipation of several meets. The team will probably enter four or five meets during the next five weeks.

880 yard relay—won by Carrollton (Ballard, Early, Oeser, Armstrong); Eldred second. Time 1:44.8.

Missouri Debaters To Be Here Tonight
Will Argue Merits Of Unicameral Legislature Against I. C. Team

The merits of uni-cameral legislature as opposed to the bi-cameral system will be argued tonight in a public debate, open to citizens without admission charge, when the University of Missouri debaters meet the Illinois college team at the Jones Memorial chapel at 8 p. m.

The Missouri team will uphold the affirmative side of the question, arguing in favor of the single house type of legislature. Jack Moriarty and Johnson Kanady, Jr., will uphold the negative side of the question for Illinois.

Edward Payne, the second member of the Missouri team, is a senior in the college of Arts and Sciences. This is his first year on the varsity team, but already he has participated in six intercollegiate debates.

Prof. Hoyt C. Franchere, coach of the Illinois team, accepted the proposal to debate the Missouri team despite the fact that college is not in session at present. The question is timely, he stated.

Alleged "Fence" Is Guilty, Jury Finds
Return Verdict In Cass Co. Circuit Court; Ericson Home Is Burned

Virginia, April 4.—Lester Goins, charged with larceny and receiving and concealing stolen goods from the C. B. & Q. store in the Circuit Court today. The jury returned the verdict to Judge A. Clay Williams of Pittsfield after being out about two hours.

The State's Attorney C. G. Colburn presented 267 exhibits in behalf of the state, consisting of chinaware, silver, linens, blankets, etc., found in the Goins home.

The jury was dismissed until May 6th. Judge Williams will probably sentence Goins at that time.

Ericson Home Burns
The frame bungalow of Mr. and Mrs. Carl Ericson in the northeast part of town was practically destroyed by fire at noon here today. Only part of the furnishings were saved.

The loss was estimated at about \$2500, and it was not learned if the property was insured. The origin of the fire was undetermined.

BAND P CLUB CELEBRATES ON ANNIVERSARY

MacMurray College Students Present Play In Honor Of 13th Birthday

Business and Professional women celebrated the 13th anniversary as a federated club on Thursday evening at the Peacock Inn with a supper and program in keeping with the birthday of the organization.

Proceeding the supper, group singing was enjoyed, led by Miss Amelia DeMotte with Mrs. Ralph Hutchinson at the piano. Long tables which seated 62 members and guests were beautifully decorated with roses and several large birthday cakes adorned the speakers' and officers' tables. These were cut during the candle ceremony and the singing of the birthday song.

The president, Miss Minnie Wyatt, introduced Miss Charlotte Ryan as chairman of the evening, who presented the program numbers. The reading of the history of the club by Miss Amelia DeMotte cleverly portrayed the rapid growth of the organization in activities and in membership and proved an outstanding feature of the entertainment.

The playlet, "All in a Day," given by 11 MacMurray College students from the Trionian club, was enthusiastically received. This was written by Miss Annabel Crum, head of the commercial department of the college and sponsor of the club. Miss Crum won second award in an international contest of the Gregg Publishing Company for this production. The cast and setting was as follows:

Place: Office of National Personnel Bureau.
Period: The Present—through any week-day.

The characters (in order of appearance):
Office Boy—Phyllis Patchen.
Office Secretary—Betty Brown.
Office Manager—Mary Daley.
Assistant Manager—Evelyn Lauer.
Callers:
Mr. Barr Green (contractor)—Barbara Green.
Sarafrances Taylor—Sarafrances Taylor.
Mr. Allyn Boggus—Allan Boggus.
Martha June Boggus—Martha June Morgan.

Mr. Martin Pugh (of Pugh and Beger Law Firm)—Martha Pugh.
Miss Marian Nance—Marian Nance.
Miss Mary Pascoe—Mary Angeline Pascoe.

Former presidents in attendance were: Miss Agnes Paxton, Miss Jennie Rabjohns, Miss Fern Haigh, Miss Amelia DeMotte, Mrs. Alice Applebee. Greetings were given to these officers, also to the 19 former members who were at the meeting.

The new members are Mrs. S. M. Miller and Miss Nickerson. The arrangements for this anniversary meeting were in charge of the program committee, which includes Miss Hester Burbridge, chairman, Miss Charlotte Ryan, Miss Opal Tillman, Miss Grace Tickle. The supper committee is composed of Miss Helen Stranberg, Miss Opal Tillman and Miss Olive Venters.

Stock Markets Record Gains

By Frank MacMillen,
Associated Press Financial Writer.

New York, April 4.—(P)—A quiet, broad advance gave the securities markets the most substantial gains in more than a week today.

Utilities, oils, rails, merchandising issues, copper, sugar and miscellaneous industrials registered almost steadily higher in the stock market, which closed with numerous advances of fractions to 2 points.

The market was mostly indifferent to a further flurry of excitement in foreign exchange dealings with the Holland guilder the subject of a new bear attack and the pound sterling rising sharply against gold currencies.

One effect of the rise in sterling, however, was a slump in the London gold price, which prompted considerable selling of gold mining issues. They constituted a notable soft spot in an otherwise firm share market.

Utilities seemed to be receiving fresh stimulation from the opposition to the Rayburn-Wheeler bill to abolish utility holding companies.

Rails improved as traders seemed to take a more cheerful attitude toward freight prospects.

ST. LOUIS FUTURES

Hogs, Cattle Move Forward

Chicago, April 4.—(P)—Hogs and cattle moved forward in prices today after an uneventful start, but lambs declined.

The hog market opened slow and steady, but quickly acquired momentum to close 5 to 10 cents higher, with a top for the day of \$9.20. The premium was on the lighter grades of butchers, which brought largely \$9 to \$9.20, while the heavier specialties were 13,000, including 5,000 direct. Shippers took 2,000 and the holdover was 1,000.

Cattle opened about steady, though active, and as the session wore on, prices moved up to close mostly strong to higher. A top of \$14.90 was paid for yearlings and the bulk of the steers crop sold for \$9.50 to \$12.50. Shee-stock was 10 to 15 cents up, with good beef cows as much as 25 higher.

Bulls were steady and vealers steady for best to 50 cents lower for light weights. Receipts were 6,000, with 2,000 calves.

Sheep opened slow, with prices tending to weaken, and closed with the top 15 cents lower than Wednesday's extreme. The bulk of good to choice woolled lambs brought \$7.75 to \$8.15, with \$8.25 paid sparingly by packers and small killers and a top of \$8.35 paid by local packers. Receipts were 18,000.

Corn Prices Up 3 Cents Bushel

Chicago, April 4.—(P)—Soaring almost 3 cents a bushel today in a new upward flight, corn aroused buying fever throughout the entire list of grains.

Urgent speculative demand for corn accompanied evidence of persistent likelihood of difficulties in obtaining sufficient readily available corn to fulfill future delivery contracts, especially in May, a situation involving possibility of a big squeeze in prices. Reports were current that numerous domestic rural holders of corn had cancelled offerings, and were expecting higher prices. It was also stressed that no shipments of Argentine corn were indicated today as being made to come to the United States.

Corn closed buoyant at nearly the day's top level 2 1/2 cents above yesterday's finish, May 85 1/2, wheat 4 1/2 up, May 95 1/2-96, oats 4 1/2 advanced, and provisions at 10 to 17 cents gain.

Despite heavy profit-taking, corn at the end of business was up 5 cents a bushel in 48 hours, and had outdone any high price record since March 1. Futurist today's rise of corn values was in the face of the fact that the corn market had already advanced for five successive days.

Plenty of Power for the Big Row-Crop Farm

McCormick-Deering Farmall 30 Tractor

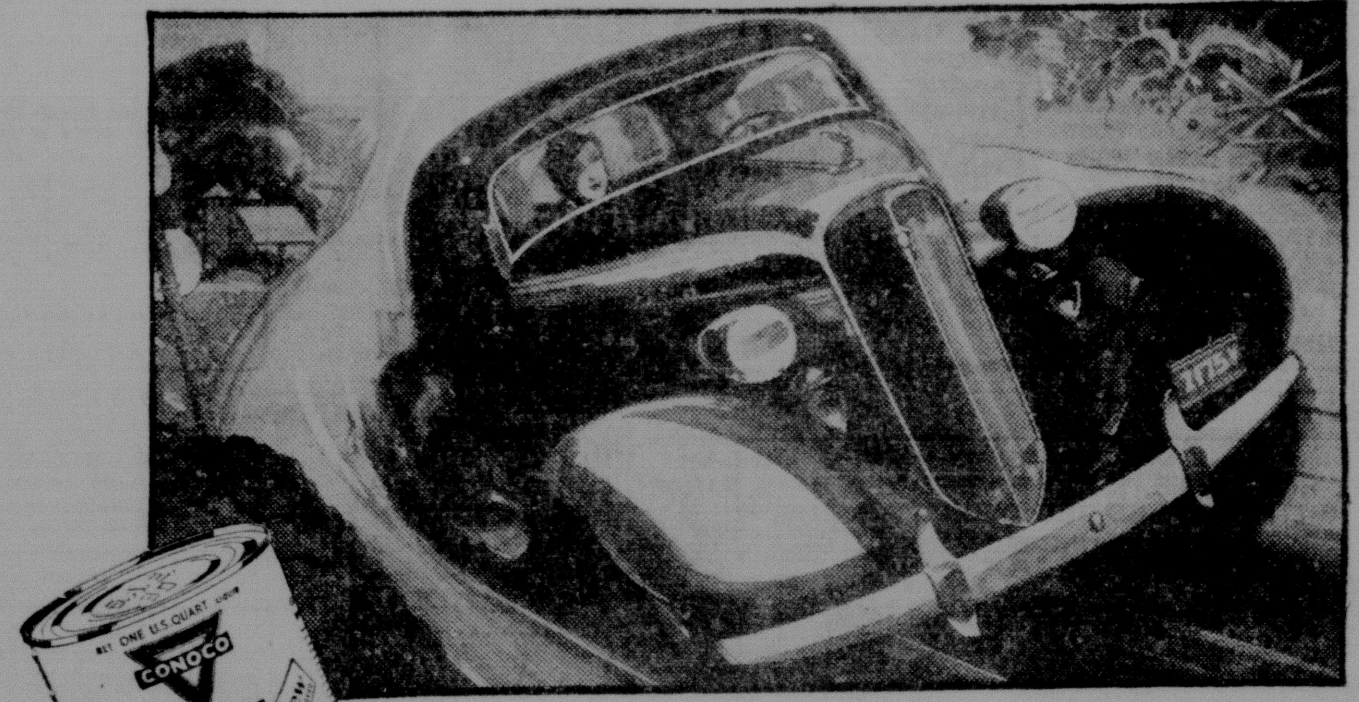

provides ample power for big-scale, row-crop and general farming operations anywhere. It is the huskiest member of the Farmall line, stepped up in power, size, and weight to handle the heavy jobs and big equipment. The Farmall 30 has these exclusive, patented Farmall features—quick-dodging ability, forward location of the gang, and breaking of either rear wheel through the steering wheel for square turns. Replaceable cylinders, hardened exhaust-valve seat inserts, oil filter, oil air cleaner, thermostat, water control, and manifold heat control are a few of the features built into the Farmall 30 that makes for brilliant performance, economical operation, and years of hard work.

The First "Alloyed Oil"

—for better lubrication of today's high-speed, alloy-steel motors!

Alloyed by the Germ Process

Just as the metallurgist adds small amounts of other metals to make special alloy steels, so we add small quantities of a concentrated oily essence to highly-refined, paraffin-base motor oil. This Germ Processing, discovered and patented by Continental scientists, gives Conoco Germ Processed Motor oil lubricating qualities no other oil has.

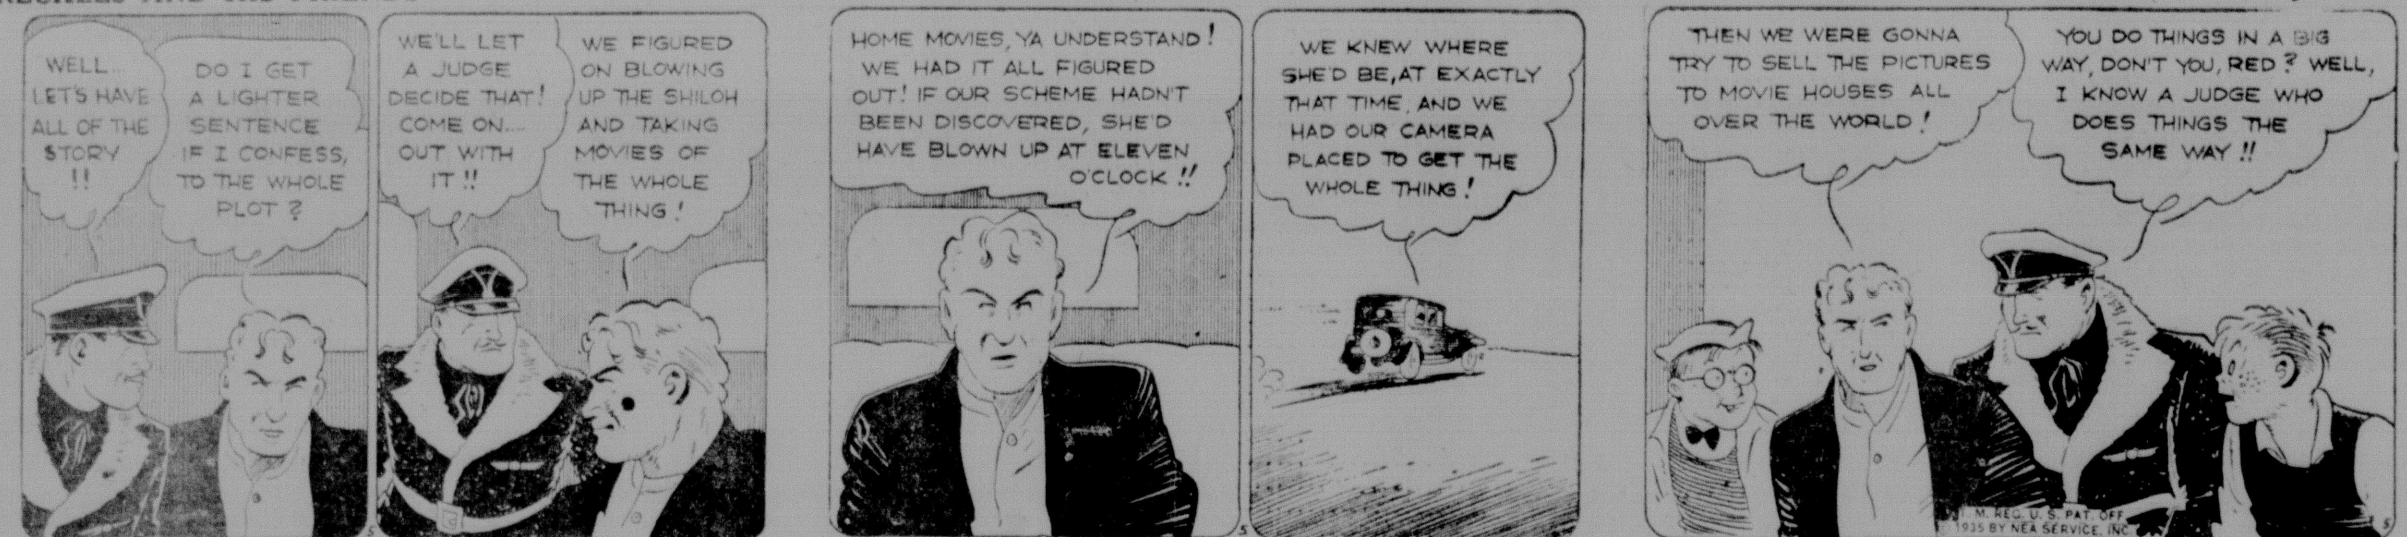

YOUR MOTOR is built of parts made of special alloy metals. Car manufacturers and metallurgists worked together to produce metal alloys strong and durable enough to withstand the greatly increased pressures and temperatures of the modern motor.

Oils, too, must withstand these pressures and temperatures and they must have extra oiliness and film strength to do it. Yet oils generally have no more oiliness and film

Wife Wins \$100,000 Balm Suit

Mrs. Bedford-Jones Receives Huge Award in Federal Court from Writer of Fiction.

"LARGEST GRANT"

Chicago—(AP)—"Heart balm" of \$100,000 was awarded by a federal court jury today to Mrs. Helen Bedford-Jones of Evansville, Ind., in her suit over the affections of her former husband, H. Bedford Jones, fiction writer. The jury ordered a payment of this amount by Mrs. Mary Bernardin Bedford-Jones, the writer's present wife.

Defense Attorney Earle Ewins announced immediately after the reading of the verdict that he would seek a new trial of the case, which has been heard before Federal Judge William H. Holly because the first and the second wives are citizens of different states.

Neither Mrs. Bernardin Bedford-Jones, the loser, nor Mrs. Helen Bedford-Jones, the winner, was in court to hear the verdict. It was returned sealed, the jury having spent only two hours and thirty-two minutes in considering the case.

The amount awarded to the first wife was exactly half of what she had asked. Her suit was for \$200,000.

Bedford-Jones divorced his first wife in 1926 and married Mrs. Bernardin, the widow of an Evansville bottle-cap manufacturer, in 1929. On the witness stand he charged his first wife with "constant nagging" which drove him, he swore, to the verge of suicide.

But attorneys on the other side called the writer "just a playboy" who led his wife on until she was 50 years old, making believe that he loved her.

The verdict was said to be one of the largest ever granted in Chicago courts.

The winning wife was told of the verdict by telephone.

"I am very much pleased. That's all I care to say, because the verdict speaks for itself."

Her suit contained a "malice count" alleging a deliberate attempt to do her damage, and this her attorney said, gives the deserted wife a strong weapon in the collection of her staggering bill.

If she is unable to collect the \$100,000, she may have the writer's present wife sent to jail, it was explained, for as long as six months.

The motion for a new trial was set for hearing April 13, but attorneys said it is only infrequently that judgments of this sort are upset.

Among the Winchester shoppers in Jacksonville yesterday was Mrs. Alex Winger.

Culbertsons Lead As Bridge Match Is Half Finished

New York—(AP)—The Sims-Culbertson bridge match reaches the halfway mark today with Ely and Jos-

ephine Culbertson on the long end of the score by 9,400 points.

This was their margin over Mr. and Mrs. P. Hal Sims at the end of 70 rubbers in the 150-rubber match that is supposed to decide the superiority of one or the other of their systems of bidding.

Honors in yesterday's play went to Hal and Dorothy Sims who made a net gain of 1,880 points and at one time had reduced their opponents' lead nearly 4,000. At the end of the

64th rubber, the Culbertsons' advantage was 12,920 points. Then the Sims, swept through four rubbers and brought the difference down to 9,070, only to lose part of the gain on the next rubber.

The rubber score stands 36 to 31 in favor of the Culbertsons, with a total point score of 61,250 to 51,790.

MRS. M. GRAHAM DIES IN CITY

Mrs. G. A. Hobbs, Murrayville, Leaves To Attend Funeral

Mrs. G. A. Hobbs of Murrayville received word Thursday morning telling of the death of her sister, Mrs. Mary Ellen Graham, at Detroit, Michigan. Mrs. Hobbs, accompanied by her son and daughter, left yesterday for Detroit to attend funeral services which will be held in that city at 10 o'clock Saturday morning from the Catholic church. Interment will be in Detroit.

Mary Ellen Graham was born in Springfield, Illinois, 67 years ago, a daughter of Mr. and Mrs. J. H. Fitzpatrick both of whom preceded her in death. She is survived by four daughters and one son; also by three sisters and one brother, two brothers having preceded her in death. The Fitzpatrick family is well known in Jacksonville, having for a number of years resided at 324 Lorton street.

Mrs. Graham while residing here attended the parochial school and was a devout member of the Church of Our Saviour.

Knotty Case Continued In Circuit Court

Whether Indiana divorce laws, where the defendant fails to receive notice that a divorce suit has been filed, are valid in Illinois is one of the knotty problems now before Judge W. Wright in circuit court.

The question was brought up in the suit for divorce filed by Mrs. Margaret L. Dennis against Francis L. Dennis, the husband previously having obtained a divorce decree in Indiana. More evidence in the case will be presented when court is resumed today.

According to the facts of the case as brought out by the attorneys for both sides yesterday, Francis Dennis obtained a divorce in Elkhart, Indiana, circuit court. Indiana's divorce laws are somewhat different from those in effect in Illinois, and it was this difference which brought about the present suit.

Indiana courts do not require the same type of certification that the defendant in a divorce action has been notified of the pending suit, thereby leaving room for an argument as to whether the defendant was notified. Mrs. Dennis alleges she was not notified of the Indiana suit, and therefore that her husband has not been divorced. The husband has since re-married, however.

Mrs. Dennis is asking for a divorce and some arrangement made whereby her former husband will contribute to the support of a child.

Judge Wright took under advisement the case presented by Bert Sitton and Henry Fulton, who were involved in an automobile accident near Strawn's Crossing. The case was presented during the morning session of the court.

FRED CAIN IS INJURED IN AUTO MISHAP

Auto Turns Over Several
Times Rounding Turn;
Two Others Hurt

Fred Cain, prominent leader of the Progressive Democrats, was injured, not seriously, and two other persons in his machine were hurt when the car was turned over several times on the curve at Point Church on Route 36 last night about nine o'clock.

Cain suffered a deep laceration of the scalp and a possible fracture of the left arm. He also appeared to be suffering from shock.

Mrs. Alice Kinsel, 522 S. Diamond was injured, the exact extent unknown, and her daughter, Miss Bernadine Kinsel, suffered a sprained ankle. All three persons were kept at Our Saviour's hospital last night after receiving treatment from Dr. V. H. T. Lenth. Miss Mary Kinsel was released after examination failed to disclose injuries other than bruises.

Details of what caused the accident were not disclosed immediately. According to Miss Kinsel, Cain was driving the machine when it suddenly began turning over on the curve near the church. What caused the car to turn over was not known. It struck no object, she said. Cain and his party were brought to the city by a passing motorist. A large crowd gathered shortly after the accident.

The car was taken to the Zeigler garage. It was badly damaged, with the body bent out of shape, all of the glass broken, and both doors broken off.

UPSETS MARK CHECKER PLAY

D. Chapman Mounts To Top
Of Heap In Thrilling
Evening Of Play

Several upsets marked play in the Morgan County Checker elimination tournament last night in the council chambers at the city hall. The tournament is being held to pick two men to represent this county in the Fourth County tourney which will be held here on the night of April 15.

Donald S. Chapman, jumped from fourth to first place after play had been completed last night. Chapman won five games and drew one, to give him the lead.

Chapman now has a percentage of .748. Other leaders and their percentages are:

W. E. Thomson, .718; P. G. Stein, .705; Louis E. Biggs, .700; A. B. Christman, .684, and George Cox, .648.

The players will rest over the week end and play will be resumed next Tuesday night at 7 o'clock.

A large crowd witnessed the games last night.

BEARDSTOWN RESIDENT IS FOUND DEAD

John Dean's Body Discovered in Gas Filled Kitchen;
In Good Health

Beardstown, April 4.—John Dean, well known resident of this city was found dead Wednesday evening about 8:30 at his home, 306 East Fourth street by his son-in-law, Clifford Jump. The kitchen of the Dean home was filled with gas and two jets were open.

Mr. Dean apparently was in good health. He attended the funeral of a friend, William Stunkel, at the Congregational Church Wednesday afternoon.

A coroner's inquest will be held Friday afternoon.

Mr. Dean was born in Manchester, England, February 25, 1859. He was 76 years, 1 month and 8 days of age. He was formerly employed as an engineer on the C. B. and Q. railroad but was retired in 1930.

He is survived by two daughters, Mrs. Clifford Jump and Mrs. Lillian Evans both of Beardstown.

The body was taken to the Cline Funeral home. Funeral services will be held Saturday afternoon.

CCC CAMP TO HONOR DATE

Second Anniversary Of CCC
Camp Founding Noted;
Other Camp Notes

Carrollton, April 4.—Preparations are gradually being completed for the Second Anniversary Spring Dance celebrating the founding of the CCC to be held at the Woodman Hall, Carrollton, April 5. Terrance Brennan and his Colonial Club Orchestra will provide the music. Dancing will commence at about 9 P. M. and continue until the strains of "Home Sweet Home" are heard. Under the supervision of Capt. Crowder the dance committee is arranging for certain surprise features.

Trucks will be sent to Roodhouse and White Hall to pick up those persons desirous of attending this dance. The trucks will leave Roodhouse at about 8 P. M. and White Hall at about 8:30 P. M.

The departure of about 50 men featured the life about camp this week. On Saturday, March 30, about 35 ex-enrollees left farewell to CCC, 1864 for the last time. They were accompanied by Capt. Crowder to the railroad station left for their homes. Most of the fellows were residents of Chicago. The remainder of the boys departed Monday, going to their homes in central Illinois.

Due to the ball playing attitude of Congress the anticipated reenrollment of men for the CCC was delayed by official order until the money appropriated for this phase of administration activity is obtained. Despite this handicap the Army officials are going ahead with plans to decentralize CCC work in Illinois so that the various functions of the camps may be carried on with greater dispatch. Camp Rainey is to be part of the 21st Infantry sub-district with headquarters at Springfield, Ill. This sub-district in turn will be part of the Jefferson Barracks, Mo., district under the active command of Col. Walter Short.

The boys at camp are devoting their time to baseball. Intrabarracks competition is waxing fast and furious in this sport. Barracks 3 is leading the other groups. Every evening after mess the boys lie over to the baseball field and play until nightfall. The aspirants for the camp baseball field were disappointed Sunday. All set to try out their arms, bats and ball catching abilities the boys had to postpone this because of the weather.

Personal News

L. Catt attended the funeral of his grandmother at Jerseyville Sunday.

Miss Elizabeth Schmitts, and Dolores Allhoff of St. Louis visited camp Sunday with friends from Carrollton. Capt. Arnold who completed advance course at Ft. Sheridan was reassigned to Camp Henry T. Rainey. He returned from Springfield Sunday, accompanied by Mrs. Arnold and their daughter, Mrs. Laverne Augustin of Wood River, Ill. Mrs. Arnold is now residing in Carrollton.

Congratulations are in order for Mr. and Mrs. Boorman. Mrs. Boorman gave birth to a boy recently, at home.

Third Ward Group

Attorney Ray Gruny, was the principal speaker at a "Blackburn for Mayor" meeting held in the Third Ward last night. F. J. Blackburn, Robert Keating, candidate for city clerk, Miss Gertrude Hamilton, candidate for city treasurer, and Randolph Little, candidate for alderman of the third ward, all running on the Republican ticket, were also speakers.

Blackburn reasserted his previous statement that if elected he would give Jacksonville a business administration, and would see that all departments of city government lived within their budgets.

Mr. Gruny's address in part follows: "Fletcher J. Blackburn is eminently qualified for the office of mayor of the city of Jacksonville. The best test of the future performances of Fletcher Blackburn's promises of a good administration of city affairs if he becomes mayor, is to look at the past record he has made when elected to office. He was sheriff of Morgan county for the past four years and fulfilled the promises he had made to give you an honest and capable administration. He carried on the affairs of that office in an efficient and capable manner and gave us one of the best administrations the office of sheriff has ever had in this county."

"I know that most of the attorneys here took occasion, personally to commend and compliment him on the excellent record he had made in that office. He gave us an honest, capable, and efficient administration. We need such a man as mayor of Jacksonville. We need a man like him who is honest, efficient and capable and will work for the good of Jacksonville and its citizens."

"The interests which will be uppermost in his mind will be what is best for Jacksonville and its citizens, rather than what any political boss wants done."

"Fletcher Blackburn is well known. His very name is synonymous with honesty, integrity and fair dealing. Ask any man who ever had any business dealings with him and you will there find a staunch friend of Fletcher Blackburn. He is both well known and favorably known."

"We are vitally concerned with the officers in our municipality because municipal and city affairs touch us most intimately. We can worry along under a bad federal administration or even a bad state administration because they do not touch us so directly. But it is with the officers and employees of our city government that we brush elbows every day."

"Its police department protects us, its fire department protects our homes, its health department looks after the health conditions, its water department supplies the water. If we have had city government, then we suffer indeed. It therefore behooves each one of us to see that Fletcher Blackburn is elected to the office of mayor and that we elect someone other capable persons whose only aim will be for the good of Jacksonville and every one of its citizens."

INJUNCTION IS ASKED AGAINST GLASGOW DIST.

Objections To Formation Of
School District Set Out
In Complaint

Winchester, April 4.—A complaint asking for an injunction against the collection of taxes levied by the Glasgow Community High School District was filed in Circuit Court here yesterday. The suit is entitled A. C. Booz, et al., vs. Harry E. Gidney, Collector and sets out objections to the formation of the school district, the record of its formation and asks that a permanent injunction be granted against the collection of taxes under the levy made by the School District. The petition alleges that an injunction is necessary to avoid the multiplicity of suits which would be occasioned by the large number of tax payers in the district.

Forum To Meet

The Men's Chapter of the National Research Forum of Scott County and the wives of the members will be entertained by Mr. and Mrs. Carl M. Ritter of Naples at a 5:30 dinner Monday evening, April 8th. The paper of the evening will be given by Mr. Ritter and will deal with Economic and Social Life in India.

The Day Labor force of the State Highway Department plans to resume work upon the guttering for the state road between here and Alsey next Monday if weather conditions permit. There are about 8000 feet of gutter to be laid to complete the road which has been open for travel since last fall.

J. H. S. SENIORS TO GIVE PLAY

Will Present "Mrs. Bumpstead Leigh" At Auditorium
This Evening

At 8:15 tonight in the High school auditorium, the Senior class will present "Mrs. Bumpstead Leigh," a comedy in three acts by Henry James Smith. The cast will be made up of students from the class of '35 and the proceeds will go into the class fund.

"Mrs. Bumpstead Leigh" is one of the best known comedies of the American stage. Under the direction of Miss Frances Brown, head of the High school dramatics department, the members of the cast have developed their characters to a high degree, getting all of the possible humor out of the many comical situations. The plot is familiar. It concerns the efforts of Mrs. Bumpstead Leigh, who in reality is Della Sales of Indiana, to install an English air into her mother and sister Violet, and to get the latter married to one Anthony Rawson, a priggish young upstart. The sister, however, falls in love with the brother of Anthony and all ends well.

The part of Mrs. Bumpstead Leigh is played by Louise Robertson who has created several parts successfully while with the Dramatic Club. Harry Story, another who has had much experience and success in other productions, will play the role of Anthony. Violet will be impersonated by Marian Wright who has appeared in several musical productions. Mrs. Bumpstead Leigh's mother, Mrs. Della Sales, will be enacted by Helen Lee Woolsey. Anthony's younger brother who is the real object of Violet's affections is played by Harlan Eyre. Edward Smith, who has established an enviable reputation in other High school plays, will take the part of Peter Swallow. Mr. and Mrs. Rawson, Anthony's parents, will be played by Cedric Mathers and Eliza Ellen Wright. Other characters will be portrayed by George Barrette, Peggy McCarty, Billie Seagle and Fred Oxtoby. The stage setting has been attractively arranged and the costumes will be modern.

The Ladies Aid of the Christian church had an all day meeting on Thursday at the home of Mrs. W. W. Williams.

One D. P. Student Is Hurt In Accident

Several Others Bumped
When Truck In Which They
Were Riding Overturns

One junior high school pupil was hurt seriously enough to require medical attention, two others were severely bumped, and 15 others were shaken up when a large panel body truck, driven by John Wilkins and bearing a load of David Prince junior high school pupils, turned over at the corner of Court and North Church streets Thursday afternoon about 3 o'clock.

Miss Eileen Fishel, niece of Mrs. David Holt, of North Church street, was cut about the head and received treatment at Passavant hospital. After the injury was dressed, she was allowed to return to the home of her aunt, where she resides.

Norman Gore, science teacher at the Junior High school, was in charge of the group which was returning from an inspection trip to the north side sewage disposal plant. Gore could not be reached for a statement last night.
